BODYWORN DVR

Product Code - SUV-CAM

Built for purpose, military specification.

SUV cam is made as simple as possible in both recording and playback operations. Quick & Easy Operation means all main functions can be managed by only six buttons.

Recording on stand-by with one-push after start-up. Then it starts with one more push. "Hold" feature is provided to prevent interruption of recording by miss-handling during intense or extreme movements.

The separable camera head and recorder unit have been designed in a very compact package. It is easy to carry, with a 2.2inch TFT High resolution LCD display, headphone output and battery make it possible to view up to two hours of recorded audio and video "whenever" or "wherever" you like.

Footage can be recorded to SD card making data easy to transport and transfer to other media via PC. When the SD card is inserted, into a PC, the recorded data can run on Windows Media Player etc. No cumbersome exclusive software is needed. The recorded images can be output to a large scale display or a projector via video output terminal.

Features

- Built for purpose, military specification.
- Quick & easy operation
- High res micro waterproof CCD camera & Portable video recorder
- Shock resistant
- Accessories include, Headcam, Armourcam & 1/4" UNC mount

SPECIFICATIONS:

TECHNICAL			
SUV CAM		Power consumption	2.8W (when the battery is used) 4.5W (when the AC adaptor is used)
		Operating temp	0° C to 40° C (camera head ~ 10° C to 50 °C)
		Allowable relative humidity	10% to 80%
Camera Head	Main Unit	Water proof	IPX8
		Total length	80cm or 150cm
		Mass	80cm=Approx. 115g 150cm=Approx. 150g
		Dimension	diameter:20mm length:84.8mm
		Focal length	3.8mm
	Lens	Horizontal field angle	53.4°
		Vertical field angle	40.0°
		Focus adjustment	Manual
		Shooting range	0.5 to ∞
		Image pickup element	1/4" CCD
		Total picture element	470,000 pixels
		Effective number of pixels	440,000 pixels
	Camera	min. object brightness	2lx
		White balance	Auto
		Electronic shutter	1/50 to 1/100,000 sec
		Resolution	Horizontal:480TV lines Vertical:420TV lines
		S/N ratio	48dB or more
Recorder	Main unit	LCD monitor	2.2" TFT QVGA
		Built in microphone	Monaural microphone
		Recording medium	SD card (not included)
		File format	asf.
		Moving image compressed format	Compliant with MPEG4
		Audio compression format	Compliant with G.726
		Video output	NTSC/PAL
		Audio input	Input impedance 2.2k or more
		Audio output	38mW+28mW
		USB	USB 2.0
		Mass	Approx. 130g
	Dimension	56mm (H) 102(V) 30mm (W)	
	Terminal	Earphone/AV OUT	3.5 minijack
		external microphone	3.5 minijack
		DC IN	Dedicated jack
Battery Pack	Lithium-ion battery	Nominal voltage	3.7V
		Rating capacity	1660mAh
		Mass	Approx.43g
