SECURITY MARKERS

RANGE OF SECURITY MARKERS

Marking your property is one of the most simple and effective ways of protecting your possessions. For a start, property marking puts burglars off because it lets others know that the item has been stolen, making it much more difficult to sell on. The other big advantage is that it makes tracing and returning your stolen property a lot easier for police.

Permanent UV Marker (SC001BSP)

Ultraviolet fluorescent ink visible only under a UV light source. Suitable for all surfaces.

UV Document Marker (SC002)

Ultraviolet fluorescent ink visible only under a UV light source. Suitable for paper.

Laundry+Sports Permanent Black Marker (SC006)

Ideal for marking valuable clothing. Iron-over in to achieve marking that will endure washing.

China/Glass Marker (SC004)

Suitable for surfaces such as china, glass and other similar ceramic products. Leaves a permanent mark but doesn't damage product.

Tungsten Tipped Marker (SC005)

Tungsten tipped to make a mark on products.

Personalisation available of each pen. We can produce your logo on the pens for promotional gifts/campaigns.
