## DG001 PORTABLE DOOR LOCK

### PORTABLE KEYLESS DOOR LOCK

The DG001 portable door lock is a very simple economical device which prevents unauthorised entry through inward opening doors.

It comes with a leather look case for carrying the lock around. It is fully portable and can be installed on most doors in seconds.

The DG001 requires no batteries, no wires, no fixings, no long complex installation process and is temporary. It is used when doors have damaged or faulty locks.

Provides an additional lock on a door that people might be worried will be accessible.
