

SURE

SG600 MINI CONTACT ALARM

SUREGUARD DOOR/WINDOW ALARM

The SUREGUARD SG600 Miniature contact alarm is a discrete magnetic contact alarm providing excellent door/window perimeter security.

The SG600 comes in 2 parts; one fits to window, the other fits to the frame. Once the contact is broken between the two parts, the 125 dB siren alarm is activated immediately. There is an allowance of 5mm between them for ventilation and universal fitting.

The alarm is very easy to install as it just sticks into place, no wiring or tools required. It has a concealed on/off switch and a low battery indicator.

This is a very low-cost simple solution that provides excellent levels of security for a range of items including doors, windows, filing cabinets etc.

Features

- Simple installation
