

SURE

SGDB DOOR BAR

DOOR BAR

The SGDB Door Guard/Bar is recommended as a better alternative to a door chain as the rigid build of the bar offers more strength in the event of a caller trying to force their way into your home. Even if force is not used, the presence of such a device can put off potential burglars and conmen through sight of the Door Guard alone.

An effective device for securing doors, the Door Guard/Bar ensure a callers identity can be checked and double checked before opening the door.

The solid build and easy installation offer a low-cost and effective way to secure your home.

Fitted with a spring loaded ball catch to prevent accidental lockout. The Door Guard/Bar comes in a Brass or Chrome finish and has fixings included.

Features

- Robust build, for wooden doors
- Enables conversations without access
- Simple to install
- Easily swung out of way when not needed
